

## FAQ Which Sprayer to Use?

Sprayers can be equipped with different seals/o-rings.

Please insure product/chemical being used with the sprayer is compatible with **VITON**, **EPDM** or other types of seals/o-rings.

For more information please refer to "Chemical Compatibility Index" on our home page:

[www.fbs-online.com](http://www.fbs-online.com)

Look at MSDS (Chemical you are going to use) and check, if it is compatible with one of the seals/o-rings!

### **Rating:**

A - Excellent compatibility

B - Good

C - Fair (Not recommended for extensive use)

D - Fails, do not use it!

Other option is to send us MSDS (fax or e-mail), and we will give you our suggestions or recommendations! (E-mail: [sales@fbs-online.com](mailto:sales@fbs-online.com) Fax: 1-888-984-9840)

## Warranty

Sprayers carry a limited Warranty, which is limited to replacement of defective part(s) only. Damage attributable to improper use, faulty maintenance, the effects of chemicals or normal wear and tear (Seals/o-rings) is excluded from the Warranty.

Effect of Acetone on plastic parts in the sprayers is also excluded from the Warranty.

Please refer to the original Operating Manual from FBS/Manufacturer.

### **There are no automatic returns!**

If defective, the sprayer(s) should be returned to FBS for examination with transportation prepaid. If defects are covered by the Warranty, the least expensive inbound/outbound charges will be borne by FBS/Manufacturer.

All returned and repairable sprayers not covered by the Warranty will be repaired/reconditioned according to the repair fee/schedule, and charges borne by the customer.
