

# Does your “blue”... ...leave the glue?

**Step up to FBS new  
generation tapes!**

**La Rouge**

**Le Bleu**

La Rouge and Le Bleu ProBand is a new generation fineline tape, specifically designed for use with all waterborne paint systems, including airbrush paints.

La Rouge and Le Bleu also performs very well with low VOC, solvent based paints.

The tape is extremely thin with low edge (no paint buildup) and “easy release” from painted surface, no adhesive transfer, residue or paint delamination.
